Dear Sir/Madam

Barrick Gold Corporation's Sale of the East Kundana Joint Venture and Kanowna Belle

Barrick Gold Corporation (Barrick) today notified Rand Mining Ltd (Rand) that it has reached an agreement to divest its interest in the Kanowna Belle and Kundana mine operations to Northern Star Resources Ltd (ASX: NST). This includes Barrick's interest in Gilt-Edged Mining NL (the company that owns 51% of the East Kundana Joint Venture). Rand's share of the East Kundana Joint Venture is 12.25%.

The transaction is expected to be completed in March, 2014.

Rand expects to share the same professional and profitable relationship with Northern Star as the company has experienced with Barrick.

References to the East Kundana Joint Venture have been made in a presentation released today by Northern Star Resources Ltd. Upon receipt of this updated data from Barrick, Rand will review and make ASX announcements accordingly. In the meantime shareholders can visit www.nsr ltd.com to view the presentation.

Yours faithfully
Rand Mining Ltd
