Dear Sir/Madam

Temporary Suspension of Operation

Due to the recent seismic activity in the Kalgoorlie Boulder region, the management of the East Kundana Gold joint venture temporarily suspended operations.

Management took the opportunity to allow some concerned staff members to officially leave site and return to their home in the Kalgoorlie region to appraise the extent of any damage that may have occurred, due to the seismic activity.

Those remaining employees and staff undertook re – entry to shaft inspection procedures and assessment for any damage to structures and developments within the operations.

No areas of concern or injuries have been identified or reported and management believes that the total cost may be in the order of half day's loss of production.

Yours Sincerely

Roland Berzins
Company Secretary
